## **THE ONTARIO CEMETERY FINDING AID (OCFA)**

### **To find out more....**

The information in OCFA is intended only to get you pointed in the right direction. This is offered as a convenience to all of us 'mail order researchers' who are thousands of miles from the 'old homestead' and its genealogical treasures. It should be noted that the response to OCFA has created considerable extra work for some of the participating organizations. Most, if not all, offer a "look-up" service for a nominal fee. They ask that you include a self-addressed envelope and two international reply coupons (if writing from outside North or South America) with your requests. PLEASE include a word about OCFA in your correspondence when requesting additional information or ordering cemetery transcriptions from the organizations listed below. This feedback is instrumental in the campaign to enlist the support of new organizations for future versions of the OCFA project.
