Pedigree Trees Name Index Code

Elias De Rilston (K15/1)

Generation Letter

Unique Generation Number

Sheet Number

The alpha-numeric code below each individual's name (e.g. K15/1) begins with the generation letter (starting with "A" at the bottom of each sheet). This is followed by an arbitrary number starting from "1" in each generation - in this case "15". The number to the right of the separator is the sheet number, which is shown in the heading of each tree diagram.
